Die transparente Personalberatung

Olaf Frommholz (born 1964), the founder, possesses over 20 years of experience in the markets of biotechnology, lab technology, life sciences and diagnostics. Mr. Frommholz himself worked for many years in sales & marketing and has established an excellent nationwide network.

Of course our whole team is very competent consisting of the staff members Mrs. Julia Thalhammer, Mrs. PhD Birgit Klima, Mrs. PhD Heidemarie Peuker and Mrs. Petra Willmann owning work experience as well as scientific and technical skills in our consulting markets

- **Biotechnology**
- **Lab technology**
- **Life sciences**
- **Diagnostics**

in which we are exclusively specialized.

Based on our rich experiences we are able to offer you a competent service for your personnel search, thereby supplying best preconditions for a fast and successful filling of your vacancies.

In line with the philosophy of of-research, we support our clients in

achieving their business objectives. This is accomplished through a high degree of personal commitment regarding the task of finding qualified personnel for particular enterprises. The strategy of of-research, which uses a proven unconventional, goal orientated, fast and direct approach combined with a consistent intensifying of our network, provides high efficiency in establishing our goals.

The goal of of-research is to apply a transparent work style in order to find qualified personnel for specialised tasks, thereby satisfying clients and candidates as well as establishing trustworthy relationships. ■
